

IN SOCIETY

Christian Aid Society.
The first gathering of the ladies of the Christian church yesterday afternoon, at the home of Mrs. I. R. Mason, was indeed interesting. In July, when the society disbanded for the extreme warm weather, a contest was announced and a prize offered the lady who was most successful in raising church money. Mrs. Errett Dunlap was the fortunate contestant.
After the business session the hostess served a dainty ice course to about fifty members and visitors. Mrs. W. R. Roberts and Mrs. Terry will be hostesses next Tuesday.

Young Ladies Aid Society.
Mrs. H. D. McCullom and Mrs. C. W. Dobbins were pleasing hostesses Tuesday afternoon when they jointly entertained the Young Ladies Aid society of the First Presbyterian church at the home of the former on Melish avenue.
The afternoon was spent very pleasantly, marked by informality, and the pleasure of meeting after a two months' vacation.
The hostesses served a delectable salad course to Mesdames Roy Dustin, Tom B. Frame, Dean Harr. Zauis, Kelly Brown, Homer Adams, Fred Kinkade, Walter Madden, H. S. Tillinghast, Fred Carr, Arthur Hall and Sam Matthews.

Missionary Society Meets.
The members of the Missionary society of the Broadway Methodist church met yesterday afternoon in a most enthusiastic business session with Mrs. W. F. Whittington leader. After the devotional exercises plans were made for an interesting year, filled with many pleasurable duties.

South Ardmore Baptist Ladies Aid.
The Ladies Aid society of the South Ardmore Baptist church met yesterday afternoon in regular session at the church. Mrs. D. Hayes led the Bible study lesson, in an interesting manner. The members announce their bazaar for early fall.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
"I advised the 'boys' when they enlisted for the Spanish war to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them, and have received many thanks for the advice given," writes J. H. Houghland, Eldon, Iowa. "No person, whether traveling or at home should be without this great remedy." For sale by all dealers.

Couldn't Be Made Public.
It was the custom of one of the managers to criticize every individual performance at each new town the company visited after the fall of the curtain on the stage. One night he did not say anything to young Lorraine. He reminded the manager of his omission by saying: "As you did not say anything about my performance, I take it it was all right." Then came the icy reply: "I did not say anything about your show, because what I have to say to you I must say in private."

All that I know
Of a certain star
Is, it can throw
Like the angled spar
Now a dart of red,
Now a dart of blue;
Till my friends have said
They would fain see, too,
My star that darts the red and the blue.
Then it stops like a bird; like a flower, hangs furled;
They must solace themselves with the Saturn above it.
What matter to me if their star is a world?
Mine has opened its soul to me; therefore, I love it.
—ROBERT BROWNING.

MINERS' THREAT TO LAY IN ASHES CITY OF BUTTE

MAKE ASSERTION THAT THEY WILL BURN CITY IF TROOPS—EITHER STATE OR NATIONAL ATTEMPT TO ENTER TOWN.

Butte, Mont., Sept. 1.—Miners openly threatened tonight to lay the town in ashes if either state or federal troops attempt to enter Butte. One of the miners' leaders declared that they do not purpose to fight the soldiers, but they would wreak vengeance upon the business men for bringing soldiers to Butte.
"We have quantities of dynamite and oil," said one leader, "and the troops will find ashes."
Hitherto the majority of the miners have not credited the report that the militia was being mobilized, as the local newspapers withheld the news on the request of business men who feared that its publication would excite the miners. But today a Helena automobile brought a load of newspapers to Butte for sale and newsboys soon began crying the news of the mobilization.
Calls immediately went forth from President Muckie MacDonald and the other leaders for a secret meeting of union miners. Later a committee of miners was sent to the railroad depots to see if the troops had arrived.
The miners called another meeting for tonight. The electric light plant and all the larger stores were guarded by many armed men, as were the mines. On the attic of the court house there were stationed fifty guards armed with rifles.
County Attorney J. J. McCaffery issued a warrant for the arrest of the Helena editor on a charge of inciting a disturbance, but he had left the city.
All ammunition in the hardware stores has been removed and firing pins have been taken from the rifles.

Celebrate Birthday Anniversary.
The following clipped from The Times, of Alexandria, Tenn., tells of the birthday anniversary celebration of one of our townsmen, G. R. West. Mr. West is the father of Felix K. Misses Cecile and Elma West of this city. Mr. and Mrs. West have been spending the summer with relatives in Tennessee, but are expected home in a few weeks.
A family reunion was held Tuesday at the home of Mr. and Mrs. Frank Marler, near town, the occasion being the ninetieth birthday anniversary of the birth of Mrs. Marler's father, G. R. West, whose home is in Ardmore, Okla., but who is now visiting at her home. Mr. West, or "Uncle Gip" as he is better known was the recipient of large numbers of gifts. Dinner was served on the lawn. Dialect of Croatia.
The dialect spoken by the Croats is practically the same as that spoken by the Serbians, but, while the latter use the Cyrillic (Russian) alphabet, the former employ the Latin. Croatia and Slavonia form, together with their former military frontier, a crown land belonging to the Hungarian section of Austria lying between the Adriatic sea, on the southwest, where Croatia has a seaboard of about 84 miles, and Hungary, on the northeast. The Croats (originally Chorvats, mountaineers—from chora or gora, a mountain) are tall and strong, honest, and good-natured. Croatia sends deputies to the Hungarian diet, and there must, by special convention, always be a Croatian in the Hungarian ministry.

Miles and Miles of Roses.
The city and county of Los Angeles are getting ready for the 1915 Panama Exposition by arranging to spend a million dollars for beautifying private grounds, school grounds and public highways.
Outside the city, alongside the cement and asphalt "good roads," more than a hundred miles of rose borders will be planted. These climbing bushes, in all colors of the rainbow, will be supported by iron trellises, and will be specially cared for. In the San Fernando valley there are twenty-five additional miles of roses already planted.
The school children will compete for \$25,000 worth of prizes, for the best floral effects along ordinary country roads, and on the school grounds. A similar system of prizes will be offered within the city itself. And owners of private homes will have a chance to compete for tempting bonuses.

Children Take Part.
Detroit, Mich., Sept. 2.—More than two thousand children from the schools of the city will today sing patriotic songs, while the chimes of the city's churches peal forth, as the veterans of the Civil war march through the city for the great parade of the national encampment of the G. A. R. The encampment which opened the last of August, has so far proven a great success, and the old men are delighted with the hospitality of the city and its people.

Notaries Public.

Notaries public are said to have had their origin in a class of men appointed by the early Christian bishops to collect the acts or memoirs of the martyrs of the first century. The office was afterward changed to a legal employment, such as the attesting of deeds and other writings, so as to establish their authenticity in any other country.

American women are planning to raise funds for the wounded on the battlefields of Europe and will take especial pains to have it understood that the aid is to be distributed impartially, thus preventing the spirit of neutrality which the United States has promised to observe during the great war.
